

Mapping Multiple Realities

Networks, Ecologies, Territories
Shared, Divided, Defined, Entangled

Networks

Network Models

- Mechanical
- Electronic Circuits
- Neural Networks
- Algal Mats

Interdisciplinary

- Laslo Barabasi
- Duncan Watts

Actor Network Theories

- Latour
- Castells

Relational Networks

- Strathern, Escobar, me
- Luhmann, Ingold

Contingent Communities Ecological Networks and Emergent Ecologies

Networks As Assemblages

- Humans and Other Beings in Relation, Along with Artifacts and Technologies, in Place and Across Places

Zapatistas and APPO

Networks Jumping Scales

- From Cattle to Bees
- From Home to Landscape
- From Local to Global Political Links
- From Gendered Environments to National Office(s)
- Butterflies Without Visas
- Microbes Floating their Own Boat (Algal Mats)
- Baseball Bats with Transnational/Household Names

Networks Crossing Categories

- Culture/Nature
- Human/non-Human
- Living/ Non-Living
- Natural and Artificial

Structures, Processes and Terms of Connections

- Habit-forming Practices of Connection
- Structures /Pathways Built on Practice
- Re-structuring Through New Practices
- Networks, Meshworks and Movements
- Mapping Movements, Affinities, Affiliations
 - Relational Webs and Rooted Networks

Embedded and Entangled Power

● Power Over

● Power Against

● Power With

● Power Under

● Power Alongside

● Power –in-Spite-of

● Power Between

Counter-points and Categories

- Mapping Connections at multiple scales (time/space)
- Mapping Fixed Locations and Situated Perspectives
- Mapping Journeys and Multiple Pathways
- Mapping Presence and Mapping Absence/Loss
- Mapping Movement (Migrations and Circulations)
- Mapping Contents (Inventories and Meanings)

Map the Invisible Ecologies of Home

- Mapping Roots ---Patterns and Pathways of Connection to Place/Environment

- Tap Roots
- Epiphytes
- Mangroves
- Algal Mats
- Spider Plants
- Strangler Figs
- Canopy Pools

Mapping from Multiple Viewpoints

The Kaleidoscope

From Islands of Sustainability to Webs of Viability

How do we Work Together?

- Parellel Play
- Parellel Processing with Convergent Knowledge
- Hyphenated Sciences or Multiple Ways of Knowing
- Emergent Science(s)
